- *FiddleKicks performance was magnificent! Everyone had such a great time that evening, watching the dancers and listening to the musicians. Many of us also enjoyed tapping a few steps at the after show segment. Please extend our appreciation to all.*

- *Thank you for being a part of the 12th season's programming for Evergreen Arts & Humanities Series. It has been my pleasure to work with you and to bring FiddleKicks to our stage... Best wishes for continued success!*

- *On behalf of HAU, I want to pass along our thanks to FiddleKicks for the great performance on March 26. The exacting and engaging delivery by the dancers kept the audience tapping and clapping throughout the evening. The talented musicians added, immeasurably to the experience; their artistry was apparent from the first note to the last. The informative comments and background information completed a well planned production. The entire ensemble is to be commended for the outstanding presentation.*

- *We have received nothing but positive feedback as well as requests for a return engagement. The group of seniors, present for the morning outreach activity, was equally enthusiastic and especially appreciate of the post-performance interaction with the performers.... we look forward to having the group here again in the future.*

- *FiddleKicks began a short residency...by the time they left over 1,100 people—children, seniors, college & public school students, challenged citizens & fellow cloggers—were very sorry to say Goodbye.*

- *At each event, the individual members of FiddleKicks displayed expertise, skill, energy, an engaging stage personality, and professionalism. Offstage, they were just as obliging.*

**Lucinda Williams**, (April, 2007) Garrett Lakes Arts Festival, McHenry, MD

- *Folks here are still talking about the performances. Even more than the evening public performance, which was fantastic, I just think your education concerts are top notch. I highly recommend it to other presenters. The kids were thoroughly engaged throughout, your discourse with them from the stage was instructional yet fun and your pre-concert lessons are the very best.*

- *You've got it completely right.*
