Dear Peggy,

On behalf of Highland Arts Unlimited, I want to pass along our thanks to FiddleKicks for the great performance on March 26. The exacting and engaging delivery by the dancers kept the audience tapping and clapping throughout the evening. The talented musicians added, immeasurably, to the experience; their artistry was apparent from the first note to the last. The informative comments and background information completed a well planned production. The entire ensemble is to be commended for the outstanding presentation.

We have received nothing but positive feedback as well as requests for a return engagement. The group of seniors, present for the morning outreach activity, was equally enthusiastic and especially appreciative of the post- performance interaction with the performers.

We are extremely pleased to have included FiddleKicks on our 2009-2010 roster, and look forward to having the group here again in the future.

Sincerely,

Shirley Hackworth, President
